**FOR FRIENDS**

**"MILD TO WILD"**

**FLEET-WOODS TO DIMALACHITE:** This trip is our most popular rafting trip on the normal level, and includes the, highest grade rapid, the longest rapid and the best rapids on the Vaal river.

Adrenalin packed white water rafting at its best! This trip on the Vaal river starts from Fleet-woods and has rapids like the Gaping Jaws and Paradise where you will be served with a cold-drink, and learn how to surf with a "croc" for a start. This is followed by Dog's leg, V-Trap and Stepping stones. Up to here it wasn't very tactical and give you time to get into the feeling of handling the paddle and steer the raft.

From Bistro you will enjoy "real" white water, through Theatre (the longest rapid "800meter") and the one and only "GAT SIEN", where you will be able to play in the rapid with the guides. From here you will paddle through Lovers Lane and Knuckle Crusher down to Dimalachite, where you can open a can of the best.

Back at camp delicious lunch will be served if you booked it with the rafting. We also have picnic spots and braai facilities on the riverside that you can use if you want to prepare your own lunch. Our guides are under leadership of Awie, who has 12 years of experience with no incident.

When the river is running high enough, you would like to do "GET WET" in our 8 man Rafts. Depending on the level and speed of the river, the time to complete the rafting may be faster.

It is too cold for rafting from 31 May to 15 August, but other activities are still available.

This river rafting experience can be combined with a quad-bike ride, paint-ball, braai and much more. This is also an excellent stretch for fly fishing!
